The 35,000 teachers of the United Teachers Los Angeles have voted to endorse Democrat Dave Jones for Attorney General.

United Teachers Los Angeles (UTLA) is, by far, the largest affiliate of the California Teachers Association (CTA). It is also affiliated with the California Federation of Teachers (CFT). UTLA's 350 member House of Representatives voted overwhelmingly to endorse Insurance Commissioner Dave Jones for California Attorney General in 2018.

Alex Caputo-Pearl, President of UTLA stated: "Dave Jones is a proven champion for California's public schools. Teachers trust Dave Jones to fight to ensure that all kids have access to quality education. We strongly endorse Dave Jones for Attorney General."

"I am so excited to have the support of the 35,000 members strong United Teachers Los Angeles," Jones responded. "Teachers are one of the most critical pillars of a prospering nation and a functioning democracy. They deserve our support. I look forward to joining California's teachers in fighting for education equity."

Dave Jones, twice elected statewide as California Insurance Commissioner, is known as a staunch defender of consumers and leads one of the state's largest consumer protection agencies. Previously, he served as a member of the State Assembly and as a Sacramento City Council member. Prior to elected office, Dave Jones was a legal aid attorney for Legal Services of Northern California. He also served as Counsel to U.S. Attorney General Janet Reno.
