

Another Major Labor Endorsement: The Professional Engineers of California Government Endorse Dave Jones for Attorney General

Contact: (916) 349-4236

(Sacramento) - Today, the Professional Engineers of California Government (PECG) -- who represents 13,000 state-employed engineers and related professionals responsible for designing and inspecting California's infrastructure, improving air and water quality, and developing clean energy and green technology -- officially endorsed Dave Jones for Attorney General.

"The 13,000 engineers and related professionals in PECG are proud to endorse Dave Jones for Attorney General," said PECG President Sutida Bergquist. "Dave Jones understands the importance of investing in California's aging infrastructure and will be a powerful advocate for a California that works again. Dave Jones is a proven champion for public employees, consumers, and taxpayers."

"I am honored to have the support of the men and women who are the backbone of a thriving economy and who play the leading role in improving and maintaining California's infrastructure," said Attorney General candidate Dave Jones. "I look forward to working together toward a stronger, smarter, and more sustainable infrastructure."

PECG joins a host of influential organizations endorsing Dave Jones after he won with 56% of the vote at the California Democratic Party Convention. Jones was also endorsed by UNITE HERE! last week, which represents over 300,000 workers nationwide in the hotel, gaming, food service, manufacturing, textile, distribution, laundry, transportation, and airport industries.
