

West LA Democratic Club endorses Dave Jones for Attorney General

The West Los Angeles Democratic Club on Thursday endorsed Insurance Commissioner Dave Jones for Attorney General.

"The West LA Democratic Club is proud and honored to endorse Dave Jones for Attorney General," said WLADC President Cara Robin. "Many of our members have gotten to know him personally during his years as a public servant and are impressed by his energy, intelligence and openness.

"He is the candidate that we know and respect, and we are aligned with his views against the death penalty and not taking money from big oil," she added. "He has long championed single-payer health care, an issue the West LA Dem Club has been involved with for years, and which is a personal passion of mine."

The WLADC is one of the more prominent grassroots Democratic organizations in Los Angeles, and it joins the Democratic Party of San Fernando Valley (DPSFV), the Stonewall Democratic Club, both the Santa Monica and Burbank Democratic Clubs, the Miracle Mile Democratic Club, The New Frontier Democratic Club, and many other local elected officials and organizations in backing Jones for Attorney General.

"The support of grassroots organizations is vital to any campaign, and I'm honored to have the backing of the West Los Angeles Democratic Club," Dave Jones said. "Its commitment to inclusion, as well as furthering progressive policy and legislation at the local, state and national levels, is a testament to the importance of grassroots advocacy."

With this latest endorsement, Dave has earned the support of dozens of Democratic Clubs across the state, as well as local, state and federal elected officials, and continues his successful momentum, including the California

Democratic Party Convention in February, [when Democratic Party delegates voted 56% to 42%](#) in favor of Jones over incumbent Xavier Becerra in the race for Attorney General.
